THIS DOCUMENT WAS SUBJECT TO ITT/CHILE JUSTICE INVESTIGATION

MEMORANDUM FOR: Chief, WH Division

SUBJECT: Senate Foreign Relations Committee ITT Hearings

1. This will confirm our conversation this afternoon.

2. I talked to Art Kuhl, Chief Clerk, Senate Foreign Relations Committee, this morning who told me that the staff paper on the ITT hearings prepared by Pat Holt (who is the number two man on the staff immediately behind Carl Marcy) will be going to the Chairman today. In all probability it will be considered by the full Committee during the coming week as to the point of requesting funds from the Senate for the conduct of the ITT hearings. Once approved by the Committee, the next step would be to request the pertinent papers from ITT which are being gathered together at this time. After receipt of the documents it will be necessary to review and digest them and line out the course of hearings before hearings would be actually scheduled. It appears, therefore, that at best hearings on the specific topic of ITT overseas operations and the Anderson papers is many weeks, if not months, in the future.

3. It was indicated that other hearings in the meantime might digress into this area but this is purely speculative at this time.
